## Disclaimer

- Submission of land details / EOI does not guarantee selection of the site or establishment of an EV Public Charging Station.
- Final selection shall be subject to technical, legal, commercial and site feasibility evaluation by NREDCAP / competent authorities and applicable PM E-DRIVE guidelines.
- NREDCAP shall be the sole authority responsible for selection of the Charge Point Operator (CPO) for supply, installation, testing, commissioning, operation and maintenance of Electric Vehicle Public Charging Stations at the identified sites, through a competitive and transparent bidding process. The land-owning agency shall have no right to appoint, nominate, engage or authorize any CPO independently in respect of the sites offered under this EOI.
- The landowner / land owning agency will not be eligible to receive subsidy directly unless specifically permitted under applicable guidelines. Subsidy, if any, shall be processed as per PM E-DRIVE / MHI guidelines and competent authority directions.
- Submission of EOI does not give any right to claim award, selection, compensation or appointment of any Charge Point Operator / implementing agency.
- The land agreement / lease / license / usage arrangement, if the site is selected, shall be executed between NREDCAP and the concerned landowner / land owning agency, subject to mutually agreed terms and applicable approvals.
- The lease charges / lease rentals payable by NREDCAP to the concerned land-owning agency shall be as per the applicable provisions of “Guidelines for Installation and Operation of Electric Vehicle Charging Infrastructure, 2024”, issued by the Ministry of Power, Government of India on 17.09.2024, and as amended from time to time.
- The land lease shall be for a period of 12 years.
- NREDCAP reserves the right to accept, reject, modify, defer or cancel any proposal / site without assigning any reason.

## Background

The New & Renewable Energy Development Corporation of Andhra Pradesh Ltd. (NREDCAP) invites Expressions of Interest (EOI) from interested landowners, land owning agencies, commercial establishments, and institutions for providing suitable land parcels for development of Electric Vehicle Public Charging Stations (EV PCS) under the Government of India's PM E-DRIVE initiative.

Under the PM E-DRIVE scheme, the Ministry of Heavy Industries (MHI), Government of India, has allocated financial support for EV charging infrastructure, including support for creation of upstream power infrastructure. MHI has indicated the need for prioritising EVPCS proposals on High Priority Corridors and Freight Corridors falling in Andhra Pradesh.

Accordingly, interested landowners / land owning agencies may submit details of suitable land parcels located along the eligible corridors mentioned below.

## Eligible Area / Corridors

EOIs are invited for land parcels located along the High Priority Corridors and Freight Corridor. The relevant corridors / roads include:

- Bangalore – Hyderabad
- Bangalore – Nellore
- Bangalore – Vijayawada
- Bangalore – Tirupati
- Chennai – Vijayawada
- Hyderabad – Chennai
- Hyderabad – Guntur
- Hyderabad – Tirupati
- Hyderabad – Nellore
- Hyderabad – Ongole
- Hyderabad – Visakhapatnam
- Visakhapatnam / Vizag – Ongole
- Visakhapatnam – Brahmapur Freight Corridor
- Vijayawada – Visakhapatnam Freight Corridor

## Preference Locations

Land parcels located on or in close proximity to the above listed corridors may be submitted. However, preference will be given to locations falling on the preferred side of the road / stretch indicated below and that meet technical, grid-connectivity, access, safety and commercial feasibility requirements.

| 2                                                                                                    | Vijayawada - Visakhapatnam | -                                         | -                               |

Where ‘—’ is indicated, no specific preferred stretch/side has been identified at this stage; however, eligible sites on such corridors may still be submitted and shall be evaluated as per NREDCAP/MHI requirements.

Applicants are requested to submit the exact location, road name / highway number, nearby landmark and Google Maps location so that NREDCAP can check whether the site falls on the preferred stretch / side of the road.

### Eligibility Criteria

Interested parties shall identify locations meeting the following criteria:

- Minimum land area of 500 square meters or more, with adequate space for chargers and vehicle parking.
- Located on or near the above High Priority Corridors / Freight Corridors.
- Easy entry and exit for vehicles, with direct access from the main road / highway.
- Clear visibility from the main road and sufficient space for safe vehicle movement.
- Close to an electricity connection point or 11 kV substation, wherever possible.
- Clear ownership / lawful possession of the land and no major dispute or encumbrance affecting use of the land.

### Benefits of Participation

- Opportunity to participate in the fast-growing electric mobility ecosystem.
- Contribution towards development of clean transport infrastructure in Andhra Pradesh.
- Support for creation of EV charging facilities on important passenger and freight routes.
- Opportunity for productive use of suitable land, subject to site selection and agreement with NREDCAP.

## Submission Details

Interested parties are requested to submit the following information / documents:

- Proof of identity of the applicant / authorized representative.
- Land ownership / possession details including survey number, extent, village / mandal / district and complete address.
- Legal proof of ownership and lawful possession of the land, as applicable.
- Recent geo-tagged photographs of the proposed land parcel for verification.
- Google Maps location
- Layout sketch showing road access, entry / exit and nearby landmarks.
- Details of existing electricity connection, if any, and approximate distance from nearest electricity supply point / 11 kV substation.
- Undertaking for correctness of submitted documents and willingness to enter into an agreement with NREDCAP, if the site is selected.

## Submissions may be sent to

The allocation under PM E-DRIVE by the MHI is strictly on a first-come, first-served basis, which requires early submission of proposals to MHI. Hence the designated <https://pmedrive.nredcap.in/> for the proposal submission will remain accessible only for a limited time period and the applicants are encouraged to submit their proposals within the allotted time-frame.
