

CORRIGENDUM-IV

Ref: NREDCAP/WE/PSP-III/2022

Date: 28.06.2022

In continuation to the pre-bid meeting held on 23-6-2022 at 17.00 Hrs, the prospective bidders are requested to note the following changes to few clauses of the bid document. The replies to the queries of various prospective bidders enclosed herewith may also be referred for better understanding of the requirements of NREDCAP.

I. Section-5.4: Schedule: The consultant shall also complete the Geological mapping of the project area as a part of Feasibility Report.

Therefore, the FR shall be submitted within **5 (FIVE)** months from the date of award of the work (16 months in case of streams where gauge station is required to be installed for discharge measurements)

II. Section-5.7: Payment Schedule and Terms: The revised payment terms may be read as follows:

1. 25% of item-1 on submission of topographical survey.
2. 50% of item-1 on submission of draft feasibility report.
- 3. 15% of item -1 on submission of geological mapping of the project.**
- 4. Balance 10% of item -1 on submission of final feasibility report and go ahead for preparation of DPR.**
5. 10% of item-2 on completion and submission of Geo-technical investigation plan and approval by GSI.
6. 10% of item-2 on completion and submission of Geo-physical survey.
7. 30% of item-2 on completion and submission of Geo-technical investigations (drilling, drifting, etc) and laboratory testing on monthly basis against completed works.
8. 15% of item-2 on submission of EIA&EMP reports, R&R plan, etc
9. 15% of item-2 on submission of draft DPR.
10. Balance 20% of item-2 on receipt of Techno-Economic Clearance and final DPR.
11. 15% of item0.3-3 on submission of ToR.

12. 15% of item-3 on completion of public hearing.-

13. 50% of item-3 on receipt of clearances from agencies/ departments.

14. Balance 20% of item-3 on closing of contract on completion of all activities.

III. Few of the bidders requested to clarify whether JV/Consortium is allowed to participate in the bid. In this context, the prospective bidders are requested to note that,

1. NREDCAP will allow the Joint Venture Partners to participate in the bid, provided the maximum number of partners are limited to TWO (2) only and both partners are jointly and severally responsible for completion of the assignment and shall submit an agreement accordingly to NREDCAP. The lead member of the JV shall meet the main technical criteria i.e., having experience in design of hydro power projects in the country.
2. It is also to note that the JVs may utilize the services of other technical personnel to meet the timelines of the assignment on sub-contract basis with the prior approval of NREDCAP. NREDCAP will also agree for making payments directly to such sub-contractors based on the request of main contractor.
3. The foreign companies as lead partners are allowed to participate in the tender. However, technical capabilities of lead partner only will be considered for evaluation. The experience in projects in India shall only be considered. However, if the foreign company becomes successful, they shall incorporate an Indian company after letter of award by NRECAP. The payment shall be made in Indian rupees only.

IV. The revised dates may be read as follows:
